

# Today We Celebrate Israel's Independence Day

Unfortunately, the Jewish democratic character of Israel is at risk. Arabs are today 50% of the population between the Mediterranean Sea and the Jordan River; Jews are 49% of that population. That is today's reality.

If Israel is to remain a Jewish, democratic state, it must fully separate from Palestinian territories. There is no other way.

The creation of a demilitarized Palestinian state is not a gift to the Palestinians. The only way Israel can remain a Jewish, democratic state is if the Palestinians have a Palestinian state.

The time is now... Two states for two people. A demilitarized Palestinian state living side-by-side in peace and security with the democratic Jewish State of Israel.
